## Medium range RFID reader SecureEntry-CR200RS

**SecureEntry-CR200RS is an advanced medium-range RFID reader. Quickly and seamlessly reads 125 kHz RFID cards from a distance of 80 cm up to 1 meter. It features a voltage of 12V and will work well as a building access device. It is equipped with an RS232 interface.**

# Medium range RFID reader SecureEntry-CR200RS

<b>Model</b>	SecureEntry-CR200RS	<b>Type of chips to be read</b>	EM
<b>Warranty</b>	1 year	<b>Interface</b>	RS232
<b>Color</b>	dark grey	<b>Communication distance</b>	≤1200 m
<b>Device type</b>	medium range RFID reader	<b>Operating temperature</b>	-10°C - 70°C
<b>Verification type</b>	RFID card	<b>Product dimensions</b>	26x26x3,5 cm
<b>Frequency of operation</b>	125 kHz	<b>Package dimensions</b>	28,3x26,6x4,6 cm
<b>Reading range</b>	80 - 100 cm	<b>Product weight</b>	2 kg
<b>Voltage</b>	DC 12V	<b>Weight with packaging</b>	4 kg
<b>Operating current</b>	≤100mA
