Installation tips

CAUTION: Using the product with a load greater than the indicated permissible load may lead to instability, which may result in possible injury.

Please follow the installation instructions closely. Improper installation may result in damage or serious personal injury.

Ensure that the supporting surface can securely support the combined weight of the equipment and all attached mounting hardware and components.

Use the included mounting screws and **DO NOT over-tighten** the mounting screws.

The product contains small components that may present a choking hazard if swallowed. Keep these items away from children.

The product is intended for internal use only. Using this product outdoors may lead to product failure and personal injury.

IMPORTANT: Make sure you receive all parts according to the component list before installation. If any parts are missing or defective, please contact us.
