Installation instructions:

- **Installation site preparation:**

Choose a suitable place under the tabletop where you want to install the cable holder. Make sure the space is easily accessible and doesn't interfere with other desk components or the floor.

- **Preparing the handle:**

Check that all components of the bracket are complete and in good condition. Make sure that the adjusting screw is working properly.

- **Attachment of the handle:**

Place the handle in the desired location under the tabletop. Attach the bracket with the set screw by turning it clockwise. Continue turning until the handle is firmly attached to the countertop. Make sure the handle is stable and doesn't move.
