Installation instructions:

- **Preparing the installation site:**

Choose a suitable place under the desk top where you are going to install the cable holder. Make sure the space is easily accessible and does not interfere with other desk components or the floor.

- **Preparing the handle:**

Check that all components of the mount are complete and in good condition. Make sure the set screw is working properly.

- **Fixing the handle:**

Place the handle in the desired location under the desk top.
Attach the mount with the set screw by turning it clockwise.
Continue to rotate until the handle is firmly in contact with the countertop. Make sure the handle is stable and does not move.
