2

3

Safety:

- Make sure the mounting surface is strong enough to support the product and equipment being installed.
- DO NOT EXCEED THE MAXIMUM PERMISSIBLE LOAD.
- Always use the assistance of a second person or a mechanical lifting device to safely lift and position heavy equipment.
- Tighten the screws firmly, but not overtighten. Too tight can damage the product and significantly reduce its load capacity.
- Keep a safe distance from moving parts when using the product.
- Use the product only as intended. Do not sit, stand, or climb on the product.
- The product is intended for indoor use only.
- Any modification of the structure is not permitted.
- The product may contain small elements that pose a choking hazard if swallowed. Keep out of reach of children.
- Before use, make sure that all components are securely fastened and that the instructions are fully read and understood.
- Check that the product is safe and ready for use at regular intervals (at least every three months).
