User manual

CAUTION: Using the product with a load greater than the indicated allowable load may lead to instability, resulting in possible injury.

Please strictly follow the installation instructions. Improper installation may cause damage or serious personal injury.

Use proper safety measures and proper tools. This product should only be installed by professionals.

Make sure the supporting surface will safely hold the total weight of the equipment and all attached mounting hardware and components.

Use the supplied mounting screws and **DO NOT** overtighten the mounting screws.

The product contains small parts that may pose a choking hazard if swallowed. Keep these parts away from children.

This product is intended for indoor use only. Using this product outdoors may lead to product failure and personal injury.

IMPORTANT: Make sure you have received all parts according to the component list before installation. If any parts are missing or defective, please contact us.

MAINTENANCE: Check regularly (at least every three months) that the product is safe and fit for use.
